

WRITE WINNING GRANTS SEMINAR

*Friday, April 15, 2016
9am to 5pm*

Brooklyn College, Student Union Building, Maroon and Gold Rooms

Presented by: Grant Writers' Seminars & Workshops LLC

*Sponsored by:
Brooklyn College Office of Research and Sponsored Programs*

This widely acclaimed seminar comprehensively addresses both practical and conceptual aspects that are important to the proposal-writing process. Emphasis is given to such things as idea development, identification of the most appropriate granting agency, how to write for reviewers, and tips and strategies that are of proven value in presenting an applicant's case to reviewers. Regardless of the agency, participants are taught to write with a linear progression of logic, which leads reviewers through their applications. Strategies designed to merit a fundable priority score are emphasized.

A workbook of your choice is included with each registration. Grant Writers' Seminars & Workshops LLC *workbooks* are your guide to a competitive application. Each workbook offers a practical, step-by-step approach to grant writing. Each version begins with refinement of the idea and then systematically progresses through tips and strategies for each section of the proposal, concluding with pre-submission review and writing of the accompanying cover letter.

Registration includes workshop presentation handout, workbook, morning refreshments and lunch.
